## ***Worship Procedures in Coronavirus Times***

- 1. Please don't mull around and visit in the narthex or worship center.** Just find your seat in the worship center, and pray and prepare your heart for worship.
- 2. Find a seat arrangement that accommodates your group.** You'll notice that the seats are set up in groups of 1, 2, 4, 6, and up, and each of those groups is distanced from other groups. Feel free to sit together with a family group, or even a friend group, if you're in regular contact with each other during the week without masks.
- 3. Please wear a mask while entering and exiting the service, and especially during the singing.** Remember that we don't wear masks so much for ourselves, but for the safety and well-being of others. (And don't worry, Jesus delights in the praise and worship of people, even when it's muffled by masks!)
- 4. Please note that the bathrooms are stocked with wipes** you can use so that you don't need to touch any surfaces. Of course you can also just wash your hands :-)
- 5. At the end of the service, please be seated, and wait to be ushered out of the worship center.** We'll usher people out from the back to the front. Again, please don't "hang around" and talk with others in the building ... we will engage in our fellowship time outside.
