**NEW TEACHING VIDEO FROM PASTOR MARK:** This week pastor Mark has released a new teaching video, as part of his series on "Five Pillars of Mental Health." This video is especially important for us at Bethel, because it highlights the importance of developing "authentic spirituality" in order for us to maintain our mental health. Pastor Mark shows research and insights that offer a critique of our society – and the mental health field today – in how it downplays the critical importance of our spiritual lives in our mental health. Please check out this important teaching ... and share it with anyone you think could be helped by it. Click on the link below:
